ADDITIONAL OVERLAY INFORMATION

Biodiversity Areas	Any material change of use that is not within a pre-approved building envelope within this overlay will trigger an application and requires assessment against its code. This overlay is designed to enhance/protect the natural flora and fauna both on a site and surrounding.
Bushfire	Any development not associated with a dwelling house may trigger an application under this overlay to protect development from bushfire hazards.
Dwelling House Character	This overlay is particular to allotments with an existing dwelling house, it ensures that any single dwellings are compliant with the relevant provisions. If they are not, an application may be triggered under this overlay.
Traditional Building Character	<p>Any new development needs to incorporate traditional Queensland architecture into its design as a result of this overlay.</p> <p>Generally, any future development needs to maintain the pre-1946 building at the frontage of the site to be incorporated into the design of a new development. The removal of a pre-1946 dwelling can be applied for.</p>
